LOCUS       HM116909                951 bp    DNA     linear   PLN 25-JUL-2016
DEFINITION  Aspergillus niger strain A-136 putative polyketide synthase (pks)
            gene, partial cds.
ACCESSION   HM116909
VERSION     HM116909.1
KEYWORDS    .
SOURCE      Aspergillus niger
  ORGANISM  Aspergillus niger
            Eukaryota; Fungi; Dikarya; Ascomycota; Pezizomycotina;
            Eurotiomycetes; Eurotiomycetidae; Eurotiales; Aspergillaceae;
            Aspergillus; Aspergillus subgen. Circumdati.
REFERENCE   1  (bases 1 to 951)
  AUTHORS   Castella,G. and Cabanes,F.J.
  TITLE     Development of a real time PCR system for detection of ochratoxin
            A-producing strains of the Aspergillus niger aggregate
  JOURNAL   Food Control 22 (8), 1367-1372 (2011)
REFERENCE   2  (bases 1 to 951)
  AUTHORS   Castella,G. and Cabanes,F.J.
  TITLE     Direct Submission
  JOURNAL   Submitted (13-APR-2010) Grup de Micologia Veterinaria, Departament
            de Sanitat i d'Anatomia Animals, Universitat Autonoma de Barcelona,
            Facultat de Veterinaria, Campus UAB, Bellaterra, Barcelona 08193,
            Spain
